## Oxivir Sporicide

### Tough on pathogens. Kind to people, surfaces and the planet

Oxivir Sporicide is a ready to use one step cleaner disinfectant effective against *Clostridium difficile* and *Bacillus subtilis*. Based on Diversey Care's patented Accelerated Hydrogen Peroxide formulation Oxivir Sporicide can be used on hard, nonporous surfaces and non-invasive medical devices.

Oxivir Sporicide is excellent response to *C. difficile* or other Multiple Drug Resistant Organisms (MDRO) outbreaks. Broad efficacy provides highest levels of patient protection. Suitable for use in high risk areas in Healthcare including ICU, NICU, patient and isolation rooms.

#### THOUGH ON PATHOGENS

- Effective against *C. difficile* in 1 minute\*
- Excellent sporicidal, mycobactericidal, bactericidal, virucidal, yeasticidal, fungicidal activity in as little as 1 minute
- Powerful surfactant package delivers excellent cleaning performance

#### KIND TO PEOPLE

- Does not contain VOC (Volatile Organic Compounds)
- Does not cause respiratory irritation
- Does not contain perfume or dye
- Does not contain salicylic acid

#### KIND TO SURFACES

Oxivir Excel does not damage most common healthcare surfaces and does not bleach fabrics.

#### KIND TO THE PLANET

Contains active ingredients that readily break down into oxygen and water.

\* When used as terminal disinfectant with prior cleaning step
