

TEQLER COLORED FFP2 MASKS

DESCRIPTION

The colored Teqler FFP2 masks without valve have a 5-layer filter and a high bacteria filtering performance of up to 99%. Thanks to the elastic ear loops and the integrated nose clip, the respirators ensure high wearing comfort and an optimal fit. The colored FFP2 mask filters not only the inhaled air but also the exhaled air and thus serves equally for self-protection and protection of others. The skin-friendly material is latex-free, hypoallergenic and has a low breathing resistance.
